UNiDAYS

Beauty Built Better™ – More Than A Manufacturer.

12.30– 12.45

This presentation will elucidate the pivotal role of a manufacturer in the evolution and success of beauty brands. Delving into the integration of marketing's 7Ps, we'll explore the value-added services that beauty brands should expect from their suppliers, from keeping pace with market trends to delivering a superior manufacturing experience.

We'll examine how we champion innovative raw materials and eco-friendly packaging solutions, ensuring our brand partners resonate with the conscious consumer. We'll also address our expert navigation of global regulations, facilitating seamless market entry.

We'll discuss how we partner with brands to redefine beauty, creating an indelible impact. Join us as we embark on this innovation and transformation journey in the beauty industry.

OREAN.

Afternoon Chair's Opening Remarks

14.00 – 14.10

Namita Mediratta
Head of CMI, Beauty & Wellness UEAM
Unilever

Key Considerations in Delivery Format Innovation

14.10 – 14.25

As beauty and personal care brands look to new delivery formats as sources of innovation, a few recent learnings in these emerging spaces highlight key considerations for success. We'll share some thoughts on how to pull apart benefits that overlap consumer segments and how consumer targets prioritize different attributes of the same delivery format, as demonstrated through unit dose delivery formats.

Debbie Hyde
Director, EMEA
Catalent

Sustainable Production & Packaging- Panel Discussion & Q&A

14.25 – 15.00

The Million Dollar Question: How Do You Create & Showcase Sustainable Product & Packaging Innovations That Are Within Budget & Captivating To Consumers?

- Top tips and tricks to identify and implement low-carbon strategies that boost your green-initiatives and appeal to ever-increasing climate-conscious consumers
- From reusable packaging to plantable packaging: what innovations are set to disrupt the market next that ensure greener credentials yet maintain premium packaging design?
- Budget-friendly *and* high-impact? Explore cost-effective new initiatives from refills to upcycled products for more energy-efficient processes that appeal to consumer wants and needs today – *authentically*
